

## Key investor information

*This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.*

### **LEADERSEL - TOTAL RETURN STRATEGIES, a sub-fund of LEADERSEL (Accumulation) LU1323913787**

This Fund is managed by Ersel Gestion Internationale S.A.

#### **Objectives and investment policy**

This Fund is actively managed and aims to obtain a moderate appreciation of its capital by targeting limited volatility and focusing on a diversified portfolio of target funds. This objective will be reached by investing mainly in Undertakings for Collective Investments in Transferable Securities (UCITS). The Fund may also invest directly in transferable securities, money market instruments and derivatives. The Fund has no reference Benchmark.

The Fund may use financial techniques and instruments in order to promote efficient portfolio management.

The Fund's investments are subject to compliance with the Law and the investment restrictions mentioned in the Fund's prospectus.

Any income received by the Fund is reinvested.

The Fund's value is calculated and expressed in Euros.

Investors can buy or sell shares of the Fund on a weekly basis, each Friday, or next full banking day.

#### **Risk and reward profile**

This indicator represents the annual historical volatility of the Fund over a 5-year period.

Risk Category 3 reflects limited potential gains and/or losses for the portfolio. This is due to investments in a diversified portfolio of mutual funds that invest in bonds, equities and money market securities on the international markets.

Historical data such as that used to calculate the synthetic indicator cannot be considered as a reliable indication of the Fund's future risk profile.

The risk category associated with the Fund is not guaranteed and may change over time.

The lowest risk category does not mean "risk free".

Your initial investment is not guaranteed.

Significant risk(s) for the Fund not taken into account in this indicator include the following:

**Credit risk:** The Fund invests in bonds, cash or other money market instruments. There is a risk that the issuer may default. The likelihood of this happening will depend on the credit-worthiness of the issuer. The risk of default is usually greatest with bonds that are rated as sub-investment grade.

**Counterparty risk:** The counterparty risk may occur due to the fact that the Fund might have exposure through over-the-counter contracts with third parties.

## Charges

The charges and commissions are used to cover the Fund's operating costs, including marketing and distribution of shares. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest
