GLOBERSEL - PACTUM NATURAL RESOURCES, a sub-fund of GLOBERSEL

Class A Euro (Accumulation) LU0710778027

This Fund is managed by Ersel Gestion Internationale S.A.

Objectives and investment policy

The Fund seeks to maximise capital growth.

In order to achieve the above said aims, the Fund invests mainly in shares of companies active in natural resources and related sectors through direct investments or derivative instruments. The Fund may also use derivatives to create short positions.

The Fund may invest in instruments denominated in currencies other than the Euro.

The Fund may invest, on a residual basis, in money market instruments with duration of less than 12 months and hold liquid assets, including bank deposits.

The Fund's investment decisions are made on a discretionary basis.

In order to achieve the above aims, the Fund can use derivatives such as forward exchange transactions, futures, options, swaps and contracts for difference.

Any income received by the Fund is reinvested.

The Fund's value is calculated and expressed in Euros.

Investors can buy or sell shares of the Fund on a daily basis (full bank business day).

Risk and reward profile

This indicator represents the annual historical volatility of the Fund over a 5-year period.

Risk Category 5 reflects high potential gains and/or losses for the portfolio. This is due to investments in diversified portfolio of international equity securities exposed to natural resources industry.

Historical data such as that used to calculate the synthetic indicator cannot be considered as a reliable indication of the Fund's future risk profile.

The risk category associated with the Fund is not guaranteed and may change over time.

The lowest risk category does not mean "risk free".

Your initial investment is not guaranteed.

Significant risk(s) for the Fund not taken into account in this indicator include the following:

Concentration risk: To the extent that the Fund's investments are concentrated in a particular country, market, industry or asset class, the Fund may be susceptible to loss due to adverse occurrences affecting that country, market, industry or asset class.

Small company: The Fund invests significantly in smaller companies which can carry a higher risk because their prices may be subject to higher market fluctuations than those of larger companies.

Counterparty risk: The counterparty risk may occur due to the fact that the Fund might have exposure through over-the-counter contracts with third parties.

Charges

The charges and commissions are used to cover the Fund's operating costs, including marketing and distribution of shares. These charges reduce the potential growth of your investment.
